Dear Auditor,

Thank you for your cooperation regarding our request for information on your current contractual obligations related to your property tax management and CAMA software, as well as the associated GIS, Analytics, Reporting, Document Management, and Maintenance/Support obligations.

However, we have not received a contract and related expenditures by year for 2005, 2006 and 2007 related to CAMA services.

Also, we have not received a summary of related expenditures for 2005, 2006 and 2007 for contracts related to the vendors WTH, Nexus and AS2.

Thank you for your attention to this important matter. I look forward to receiving the requested information at your earliest convenience. If you have any questions, please feel free to e-mail me at this address or call me at (317) 269-2368.

Please see the attached spreadsheet which illustrates the information we are attempting to capture.

Under the state's Access to Public Records Act (APRA), a county must provide to "any person," including the Department of Local Government Finance (Department), at least one copy of a requested "public record" if the county has "reasonable access" to a copier. The county is then required to mail at least one copy of the public record to the Department. Indiana Code section 5-14-3-8(e).

A "public record" is defined as "any writing, paper, report, study, map, photograph, book, card, tape recording, or other material that is created, received, retained, maintained, or filed by or with a public agency [i.e., a county] and which is generated on paper, paper substitutes, photographic media, chemically based media, magnetic or machine readable media, electronically stored data, or any other material, regardless of form or characteristics." Indiana Code section 5-14-3-2(m).

To: Mr. Holloway,

I spoke with former Auditor, Carol Monroe, and she stated you were with the DLGF. Sorry about that, just wanted to make sure DLGF got them.
